100 YEARS OF TRADITION CHOOSES AMWARE

Jacksonville, FL– February 2006: After 100 years of manufacturing a comprehensive line of wall, ceiling, and floor products, Amware’s newest customer has finally arrived at our dock doors. “It may have taken those 100 years for them to start working with us, but I think it’s saying something that a company that rich with tradition takes a look at Amware’s Craftsmen and decides to work with us instead of the rest”, says Neil Porter, General Manager at Amware’s Jacksonville Public Warehouse.

This particular customer has reached out to Amware to provide consolidation and distribution services for both their wallboard and floorboard business segments. From different sides of the conference room, both divisions came to us seeking reliable, timely, and affordable solutions; with a little re-warehousing and commitment on our part we were able to bundle a service package & pricing model that they both found attractive.

Amware's Craftsmen and women have already begun unloading flatbed trailers and are eagerly awaiting future shipments, each day. In total we are expecting more than 250 shipments of product to arrive at our docks in the coming weeks & months. We would each like to welcome our newest customer at Amware's Jacksonville facility and wish their race team all the best for the upcoming season.
